All Aboard "The Cactus Joe Choo Choo"

During The Railroad Festival, November 3 and 4

With its clanging bell, melodious whistle, real "steam' sound, and maneuverability, the "Cactus Joe Choo Choo" will not only excite and please the youngsters, but will bring back a touch of nostalgia to the oldsters who grew up with the steam engine locomotive. FREE rides will be available to both children and adults from 11 a.m. to 5 p.m. on Saturday, November 3, and from 1 p.m. to 6 p.m. on Sunday, November 4. Cactus Joe, in full railroad regalia and with plenty of jokes, will maneuver his choo choo on Main Street in Downtown Appomattox. The street will be closed to traffic and parking during the Railroad Festival.

The choo choo consists of 3 cars with canvas fringe tops, a caboose, and the locomotive. It runs 7 miles per hour and can comfortably seat 24 children or 16 adults.

Gives Permission To ACHS For Parade, Oct. 26

Meeting in regular session on Monday evening, the Town Council of Appomattox voted to raise the cost per water-tap from $35.00 to $120.00 effective immediately.

A recent study on cost to the town of each water-tap made has proved that the Town of Appomattox has been losing a considerable amount of money on water-taps. The actual cost to the town is $120.00 per tap made and council felt that this break-even amount should be effective. Twenty-five meters were installed during the last year and the town lost money on each water-tap.

In other business, council authorized the purchase, on low bid, of a 1974 Ford Torino, 4-door sedan from Lawson Ford, Inc., to be used by the Town Manager, W. S. Slagle, for official business. Delivery on the automobile will be made immediately as it is presently in stock.

Council voted to recognize both Saturday, November 3rd, and Sunday, November 4th, as Historical Railroad Day Festival in downtown Appomattox as the response has been so great that a half-day would not

The building is being designed in traditional exterior and will house the Health Department; the Welfare Department; office space for the Tenth District Court Services Unit, Juvenile and Domestic Relations Court; and Home Demonstration and Extension Service Offices.

The project engineers consulting with J. E. Jamerson & Sons are revising plans at this time and work on the building will begin within 30 days. A tentative completion date has been set for February of 1974.

Bloodmobile Visit Set Fo. Nov. 6th

The American Red Cross Bloodmobile will make its next official visit to Appomattox on Tuesday, November 6th. As usual it will be set up from noon until 6 p.m. at Liberty Baptist Church.

The quota for this visit will be 116 units plus 32 units that were short at the last visit. The total units of blood needed for the November 6th visit will be 148 in order for Appomattox County to meet the quota.

Blood is urgently needed and it is quite painless for a person to donate a pint of blood . . . so plan now to come out and donate a pint of your LIFE SAVING blood.

Eighteen - year olds do not have to have to have parental consent in order to donate blood and they are urged to begin now and to make "giving their blood" a regular habit. The same faithful donors through the years have donated and are continuing to donate blood but it is not enough and we should not expect a few to carry the load for the entire county so please join them on November 6th and do your share, too.

Approximately 65 riders took off on their bikes for the ten-mile ride for the Appomattox County Unit of the American Cancer Society at 1:30 p.m. Sunday afternoon. The Bike-A-Thon, a big success last year, was actually unbelievable this year. The response of sponsors was overwhelming and all 65 riders completed the ten-mile ride....some quite weary and many with aching muscles but none gave up in their effort to help raise funds to fight the dread disease - Cancer.

Bike-A-Thon Tremendous Success

At 1:30 p.m. sixty-five cyclists began their ten-mile ride with sponsors backing them with pledges of "said amount" of money for each mile they made it 'round the route. AND MADE IT THEY DID! Young people and adults were quite enthusiastic, enjoyed the riding muscles and all, and are planning to participate again

FRCC Plans New Type Tourney

The F.R.C.C. Golf Activities Committee announces "THE FOUR MAN SCRAMBLE", a unique 36 hole tournament for male members 14 years of age and over. 18 holes of golf will be played each day, Saturday and Sunday, November 10 and 11. Since the days are much shorter, there is not enough time for morning and afternoon play, therefore, the maximum participation will be 15 teams of 4 players. Registration will be cut off at 60. The committee will arrange the teams, making them as competitive as possible, based on scores from the last two Labor Day tournaments. There will be only one flight and prizes will be awarded to each team member finishing in the top three places. A $4.00 entry fee

Work Progresses At Thomasville Plant

According to the Job Superintendent for English Construction Company, work on the new Thomasville Furniture Industries plant being built here in Appomattox began six weeks behind schedule but workers have gained two weeks on the schedule. There are 85 to 90 persons employed at this time, about 50% of these are local people. A great deal of work on the plant has been done that can't be seen at this time but within a few weeks it will be amazing how much will have taken place.

The building will be approximately 11½ acres undercover and with good weather conditions the tentative completion date set at September of 1974 will be met.
